

# About MAHLE Service Solutions

For 30 years, MAHLE Service Solutions, a division of MAHLE Aftermarket, has specialized in the development and manufacturing of automotive tools and equipment. Our products and services are used in major OE vehicle manufacturing plants, dealerships, and independent aftermarket service providers around the world. We are one of the largest global supplier of OE dealership scan tools.

Widely known as RTI, prior to the acquisition by MAHLE Aftermarket in 2013, MAHLE Service Solutions was the first manufacturer of A/C recovery equipment with the introduction of the first fluid machine in 1995. Today our vehicle service products include manufacturing test systems, diagnostic tools, air conditioning service, refrigerant recovery, fluid exchange, and lifting equipment.

#### First Choice Supplier

The largest service chains and OEs choose MAHLE Service Solutions as their supplier of equipment. We listen to our customers to understand their needs as business partners for repair and service solutions.

#### Best-in-Class Solutions

We analyze the market and offer timely, reliable, and valuable solutions with global availability; improving workshop productivity and total cost of ownership.

#### Best-in-Class Support

We proactively and innovatively act to support the success and sustainability of our customers with hundreds of service centers and free lifetime technical support. A large number of field sales representatives are available to support you with on-site set-up and training – and we can customize a solution to fit your individual service need.

#### Experience

Along with over 30 years of vehicle manufacturing and service testing, we have over 100 years as one of the top vehicle automotive suppliers of engine technology.

#### Reliable

Our tools and equipment undergo a stringent quality control process – above the industry standard.

#### Industry-Leading

Our warranty is one of the best in the industry; extensive and no-hassle coverage. Replacement parts are available for next-day delivery.

#### Technical Support

We provide free lifetime technical support on all of our products through our toll-free number (800-468-2321), or through email at tech.mss@mahle.com.

Over 30 million vehicles a year are tested with a MAHLE Service Solutions product in over 25,000 dealer and aftermarket service shops around the world. Visit www.servicesolutions.mahle.com for more information.

# A/C handling and fluid exchange

In an industry that demands the best, MAHLE Service Solutions delivers the highest performance, most dependable equipment built – just ask the hundreds of service centers that rely on MAHLE Service Solutions units every day.

MAHLE Service Solutions factory tested equipment is constructed with durable components to ensure it not only outlasts, but also outperforms other brands. The superior MAHLE Service Solutions experience does not end at the store; extensive warranty coverage and veteran sales support ensure you will have service needs completed quickly and without hassle.

With the widest range of automotive A/C, refrigerant recovery, and fluid exchange service equipment, MAHLE Service Solutions has a model to fit any need and an experienced staff working for your success.

The ArcticPRO® refrigerant handling series offers a wide array of A/C servicing equipment, loaded with additional cost-saving features and superior system performance.

#### R134a models:

- ACX2180
- ACX2180H (Hybrid)
- ACX2150

#### R1234yf models:

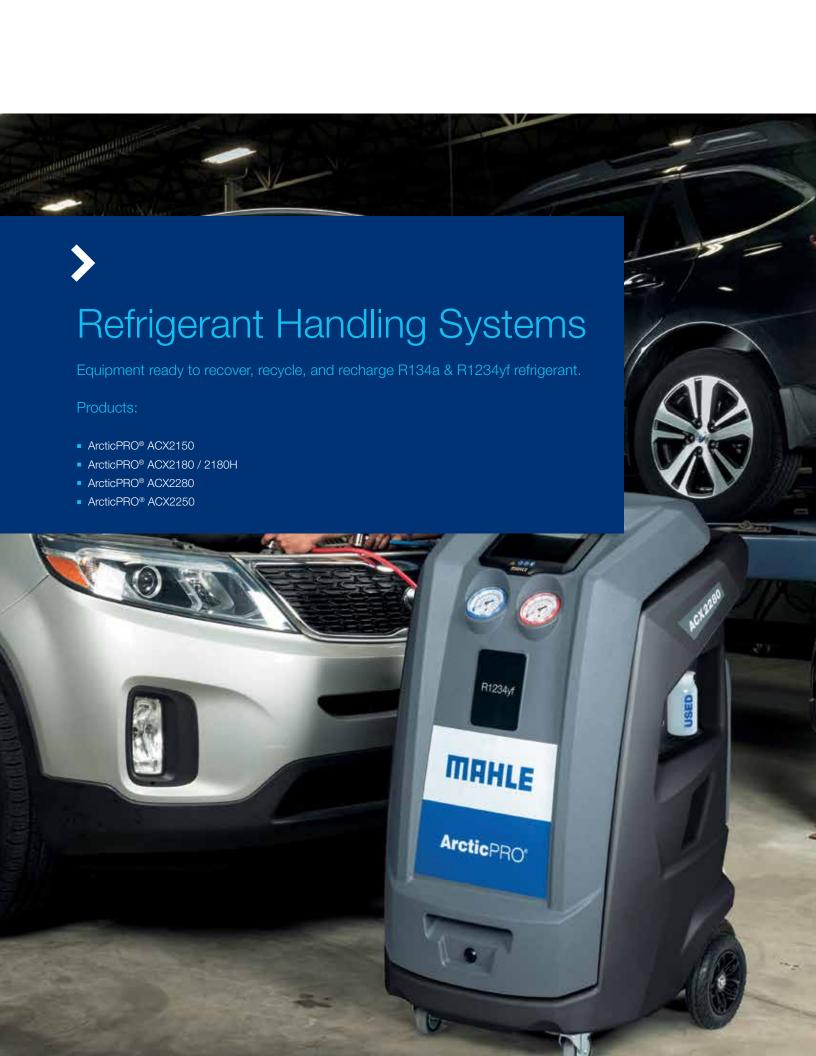

- ACX2280
- ACX2250

The FluidPRO® fluid exchange systems optimizes repair shop service offerings with a full line designed to extract used or contaminated fluids with no messy clean-up.

- Transmission
- Brake fluid
- Coolant & vacuum coolant
- Multi-fluid
- Exhaust ventilation

To complement the offering of A/C and fluid service equipment, MAHLE Service Solutions has partnered with Gray Manufacturing to provide the ShopPRO® hydraulic and pneumatic equipment available for the professional service technician.

## R134a A/C Handling Systems

#### **General Features:**

- Innovative, ergonomic hinged service door simplifies unit service
- 7" capacitive touch screen and intuitive user interface
- Bright LED indicator light
- Wireless software update capability
- Automatic weighing of recovered oil
- Data management and reporting for refrigerant use optimization and warranty reporting
- Connectivity for remote technical support

#### Model features

#### **ACX2150**

460 80445 00

#### Distinguishing features:

- Integrated automatic oil and UV dye injection for AC leak detection
- Optional iOS and Android phone app for remote service session mirroring and advanced functionality

#### **ACX2180**

460 80447 00

#### Distinguishing features:

- + EcoLOCK® R134a couplers
- + Extended life filter
- iOS and Android phone app for remote service session mirroring and advanced functionality included
- Integrated automatic oil and UV dye injection for AC leak detection
- Network printing capability
- + Database included

### **ACX2180H**

460 80448 00

#### Distinguishing features:

- \* EcoLOCK® R134a couplers
- + Extended life filter
- iOS and Android phone app for remote service session mirroring and advanced functionality included
- Network printing capability
- Hybrid certified
- + Database included

## Transmission Fluid Exchange

### ATX-3

#### Features:

- "Dipstick" or "Cooler" mode
- Start engine indicator
- Electronic diode illuminated keypad
- Fluid flow direction indicator
- Transmission diagnostic pressure gauge
- New and used fluid sight glasses
- Automatic fluid level adjustment +/- 1/2 quarts
- Digital weight scale
- Patented bypass circuit
- Fast full exchange service times of 2-5 minutes and 8-14 minutes in "Dipstick" mode

### **ATX-280**

#### Features:

- 7" touchscreen LCD display
- Graphical interface
- Integrated database
- Automatic oil flow direction detection
- WiFi connection
- Remote printing capability
- App for remote display
- Interchangeable tank
- Fast full exchange service times of 2-5 minutes and 6-10 minutes in "Dipstick" mode

## Brake Fluid Exchange

#### Features:

- Fitted with an infinitely variable pressure regulator
- Suitable for ABS, ESP, EDS and SBC
- Hydraulic pump
- Pulsating fluid flow to pressurize air bubbles out of the braking system
- Automatic switch-off on empty container
- Pressure-less decoupling from vehicle
- Venting of device during container changeover not necessary
- Allows for brake bleeding procedure to be accomplished with single person operation

**BFX-10** 

#### Unit-specific features:

- + Portable and light weight for easy hand held mobile use
- + Two Universal adapters included (with 425 80016 00)

**BFX-20** 

#### Unit-specific features:

- + Adapters included (with 425 80014 00)
- Additionally fitted with the BFX PLUS extraction system
- Removable tool tray

| Specification          | BFX-10                                   | BFX-20                                     |

## Coolant Fluid Exchange

#### Features:

- Compatible with all coolant types
- Two 7.5 gal new coolant tanks and one 15 gal waste tank
- Automatic pump shut-off
- Drip-proof tank connectors
- Service times of 3 minutes
- Visible fluid level indicators
- Easy to read gauges
- Powered by 12V power supply clips
- + Includes flush bypass loop & flow indicator (MCX-2F)
- + Larger capacity fill tanks and step adapters (MCX-2HD)

| Specification          |   |
|------------------------|---|
| Part Numbers           | MCX-2: 470 80030 00 / MCX-2F: 470 80031 00 / MCX-2HD: 470 80032 00  |
| Adapters               | Step adapters: universal; 2 sets; 1-1/4 in to 1-3/4 in range (3.2 cm to 4.4 cm) diameter / Hose adapters: universal; 2 hoses, 1-1/4 in to 1-3/8 in (3.2 cm to 3.5 cm) and 1-1/2 in to 1-3/4 in. (3.8 cm to 4.4 cm) diameter |
| Coolant exchange       | 92 to 98% single pass, average exchange for most vehicles   |
| Dimensions (H x W x D) | 45 in x 38 in x 22.5 in (114 cm x 97 cm x 57 cm)  |
| Fluid tanks / types    | Contains two 7.5 gal new coolant tanks  |
| Hoses                  | 8 ft (2.4 m) green (new fluid) hose and 8 ft (2.4 m) black (used fluid) hose with clear section. 10 ft clear (system pressure relief) hose  |
| Hose connection        | 3/8 in (9.5 mm); quick connect/disconnect   |
| Operating range        | 32°F to 122°F (0°C to 50°C)   |
| Power source           | 12 VDC - 10 Amp   |
| Process time           | <3 minutes average (full exchange)  |
| Pumps                  | 2 gal. (7.9 liter) per minute fill: diaphragm type / drain: impeller type   |
| Warranty               | 1 year parts & labor  |
| Weight                 | 170 lbs. (77 kg)  |

|   | Part number  | Model         | Description  |
|---|--------------|---------------|--|
| - | 370 80002 00 | MCX-2, MCX-2F | Step adapter, 3/8", 1/2"   |
| - | 370 80003 00 | MCX-2, MCX-2F | Step adapter, 5/8", 3 7/8"   |
| - | 370 80004 00 | MCX-2, MCX-2F | Step adapter 1.125" To 1.375"                                      |
| - | 370 80005 00 | MCX-2, MCX-2F | Step adapter 1.50" To 1.75"  |
| - | 370 80019 00 | MCX-2, MCX-2F | Kit standard with MCX machines, hoses, adapters, hose clamps, wand |

| - | 370 80185 00 | MCX-2, MCX-2F | Waste tank assembly, round   |
| - | 370 80047 00 | MCX-2, MCX-2F | Assembly adapter insulated 1.5 To 1.75 MCX                         |

## Vacuum Coolant Exchange

#### Features:

- Color coded function valves
- Easy coolant selection/changeover
- Fluid flow direction indicator
- Fast service times of 5-15 minutes
- Vacuum gauge
- Pressure relief valve on waste fluid cylinder
- No-leak end cap design
- Powered by shop air

## Multi-Fluid Exchange

#### Features:

- Choice of either filling or removing fluids simple change with a quick turn of the control knob
- Oil extraction tube for dipstick tube extraction
- Brake fluid adapter for brake bleeding
- General purpose tube with shut-off valve and semi-rigid flex end
- Rigid tube attachment for filling of front or rear differentials, transmissions, transfer cases or pumps
- Interchangeable attachments using a single-handed operating coupler on top of the unit
- Includes adapters

## Specifications

| Technical feature   | FHS-100              |
|---|----------------------|
| Part Number   | 430 80004 00         |
| Dimensions (H x W x D) 24 in x 10 in (60.96 cm x 25.4 cm x 25.4 cm) |                      |
| Fluid tank capacity   | 6.0L (1.5 gal)       |
| Power source  | Air                  |
| Max pressure  | 120 PSIG             |
| Warranty  | 1 year-parts & labor |
| Weight  | 7 lbs (3.18 KG)      |

|   | Description                  |
|---|------------------------------|
| 1 | Brake bleeding tube adapter  |
| 2 | Dipstick tube adapter        |
| 3 | General purpose tube adapter |

## Exhaust Ventilation System

#### Features:

- Compact design with locking casters
- Powerful motor
- Low noise rating
- Heat-resistant hose
- Spring loaded for height adjustment

## Specifications

| Technical feature               | EV-1   |
|---------------------------------|--|
| Part Number                     | 435 80001 00   |
| A-weighted surface noise rating | Corrected LpAm = 73 dB(A)  |
| Flow capacity                   | 270 CFM (460 CMH)  |
| Fuses                           | Qty. (2); 16 amp time delayed; 0.39 in x 1.49 in (10 mm x 38 mm) |
| Hose                            | 40 ft. (12 m) long; 5 in (12.7 cm) diameter                      |
| Motor                           | 110 VAC (0.75 HP)  |
| Power source                    | Minimum 6 amp  |
| Warranty                        | 1 year-parts & labor   |
| Weight                          | 73 lbs. (33 kg)  |

| 1 | 335 80001 00 | Dual exhaust adapter kit |

## Heavy Duty Lift Equipment

A full line of the highest quality hydraulic and pneumatic equipment available for the professional service technician.

#### Products in this section:

- Air lifts
- Axle jacks
- Brake service
- Component lifts
- Engine stands
- Fluid handling
- Forklift jacks
- Locknut sockets

- Mobile column lifts
- Service jacks
- Shop cranes
- 0..op 0.a..oc
- Shop presses
- Vehicle support stands
- Vehicle lifts
- Wheel dollies
- ts Wheel end serivce

## Wireless Mobile Column Lifts

#### Features:

- Heavy duty lifting capacity
- Intelligent patented wireless smart lift technology
- Simple tablet-based touch screen with onboard manuals, videos, and internet
- Broad application, heavy-duty through light-duty vehicles
- Fully adjustable carriage, 12" forks supports wheel diameter from 5" to 24.5"
- Patent-pending down-stop visual safety system
- Adjustable lift height up to 69" (1753 mm)
- 24-volt mobile column, with a wide, adjustable carriage for over-sized tire engagement
- Features the industry's original wireless communication system, state of the art touch screen graphic control system, and a patented self-centering adjustable carriage, providing the user with the most reliable and safe lifting environment
- No external wires or cords providing clear and safe access to the undercarriage of the vehicle
- When used at full operating height, the user is provided with a lift height of 69 inches of free-and-clear access perfect for preventative maintenance; transmission removal and installation; clutch replacements; and with singe and paired operation make easy work of axle, brake, and wheel work
- Sold in sets of 2, 4, 6 or 8 allowing users a capacity range of 26,500 lbs to 148,000 lbs

| 3 | 485 80164 00 | CML-CRFK     | Cord reel retrofit kit       |
| 4 | 485 80157 00 | CML-4PL      | Wrap around protective cover |

## High Rise Vehicle Support Stands

## Manufactured by GRAY. MADE IN THE U.S.

#### Features:

- The safest high-rise vehicle support stand in the industry
- Gas-spring assisted lift post
- Gas shock technology makes it easy to reach contact and starting heights
- 5 1/2" lift pad screw adjustable range
- Sold individually

## Air Lifts

## Manufactured by

#### Features:

- Designed for spring, tire, and brake work on agricultural sprayers and equipment
- 100% air operated
- Built-in vehicle support stand feature
- Multiple width saddle options included
- Removable handle
- Can be used in pairs with the air valve T-connector

| Specification                         | CBJ-10A              |
|---------------------------------------|----------------------|

| Part number  | Description   |
|--------------|---|
| 485 80092 00 | Small wheel adapter for 14"-21" wheels (for CWL-10 & CWL-15)  |
| 485 80092 00 | Small wheel adapter for 16"-19" wheels (included with CWL-20) |

## Axle Jacks

#### Features:

- QuickLift® feature, internal design raises the ram to the load at a quicker rate of speed
- Low starting height of 8" allows for easy positioning and spotting underneath low profile vehicles
- Patent pending air ram retract feature allows the user to reset the ram back to minimum starting height without reconnecting the hose

## Clutch Jacks

#### Features:

- 300 lb. lifting capacity
- 360° rotating head allowing flexibility and convenience
- Hydraulic power system provides precise adjustment and the swivel casters permit easy movement
- Fold back feature allows technicians to easily remove the jack from underneath the vehicle
- Optional adapters are available to make other common jobs easier and safer
- US Patent #6,189,864,B1

#### Automotive Transmission Jack

## Manufactured by

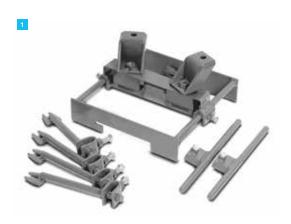

- Two-stage design: 1st stage 100% air operated for speed;
   2nd stage hydraulic for precise control
- Swivel casters make for easy maneuverability
- Nylon Speed-Strap™ quickly and conveniently secures the load
- Heavy-duty acme threaded screws provide greater bearing surface for easier tilt adjustments
- Additional adapters available

#### Commercial Transmission Jacks

## Manufactured by

- Heavy duty casters
- Large head plate
- Forward, rear, and side tilt adjustments
- Four adjustable quick ratcheting brackets
- Manual / hydraulic
- + Optional truck component handling system (TCHS) refer to model numbers with TC suffix
- + 2-stage design: 1st stage 100% air operated for speed; 2nd stage air / hydraulic for precise control (CTJ-2200A)

- Low 30" start height
- 2-stage design: 1st stage 100% air operated for speed; 2nd stage air / hydraulic for precise control
- Lockable / steerable casters
- Large head plate
- Includes truck component handling system (TCHS) kit\*

### Engine Stands

## Manufactured by

- Adjustable to capture a variety of engines
- Laterally adjusts creating a flexible yet sturdy work platform
- 360° rotation
- Locking wheels

**AES-1000** 

**CES-6000\*** 

### Specifications

| Specification               | AES-1000                        | CES-6000*           |  |

| 3 | 485 80148 00 | CAD-6KCCA | Cummins C series                        | Cummins C series engines   |
| - | 485 80149 00 | CAD-6KCAT | CAT Diesel                              | 1673, 3306, 1674, 1693, 3406 Inline 6, 1100, 3208, & 3408 V8 series engines                            |
| 4 | 485 80150 00 | CAD-6KINT | International                           | 4-152, 4-196, V-304, V-345, V-392, MV-404, MV-446, DV-550, D 9.0L, 6.9L, DT-360, DT-466 series engines |
| - | 485 80151 00 | CAD-6KJDP | John Deere Powertech                    | PowerTech 4.5L & 6.8L series engines   |

#### Filter Crushers

#### Features:

- Accommodates up to 4 spin-on oil filters simultaneously
- Interlocking feature prevents door from opening until the ram is fully retracted
- Removable catch basin
- 100% air operated
- Mounting stand included

#### Fluid Handlers

## Manufactured by MADE IN THE U.S.A.

#### Features:

- Three swivel casters
- Welded body construction
- Air pressurized system uses shop air
- Factory set air regulator and "pop-off" valve
- Low profile design of 9"

CFH-15AF\*

CFH-15OL

#### Forklift Jacks

#### Features:

- Two position lift pad that easily adjusts to handle flat or edged surfaces
- Low starting height of 21/4" allows maximum flexibility
- Hold-to-Run™ release knob provides a slow descent rate with precise operator control

#### Locknut Sockets

#### Features:

- Black Armor Coating<sup>™</sup> protects sockets against rust and corrosion for increased product longevity
- 10 year warranty
- ¾" square drive for manual tools
- High strength steel
- Several kit options:6pt,8pt, truck wheel service kit (most popular from 6 and8pt kits)

Stamped size and point for easy socket identification

#### Service Jacks

#### Features:

- A low start height combined with a high lift height
- Heavy duty steel frame design
- Manual pump feature included
- Large front wheels and long-life heavy duty rear swivel casters

### Non-Skid Truck Ramp

## Manufactured by Manufactured by Manufactured by Manufactured by Manufactured by Manufactured by

#### Features:

- 20,000 lbs of capacity per ramp with a 9" total ramp height
- Retractable handle and self-lowering wheels
- Non-skid base to prevent unintended movement of ramp during loading
- Welded steel frame construction
- Raised tire gripping surface

| Specification     | CTR-20               |

| Part number       | 485 80021 00         |
| Capacity (each)   | 20,000 lb (9,072 kg) |
| Overall length    | 51 in (130 cm)       |
| Overall height    | 9 in (23 cm)         |
| Overall width     | 18.5 in (47 cm)      |
| Tread width       | 15 in (38 cm)        |
| Handle length     | 34.5 in (88 cm)      |
| Wheel diameter    | 5 in (13 cm)         |
| Weight (per pair) | 340 lb (154 kg)      |

### Shop Cranes

#### Features:

- Unique large caster design
- Easy adjustable leg width
- Can be purchased with a manual or air /hydraulic pump

| Specification                          | CSC-2200 / CSC-2200A                           | CSC-4400 / CSC-4400A                           |

#### Vehicle Lifts

#### Features:

- Allows for safe lifting and support of drive axles
- Change all tires with a single jack movement
- Eliminates the need to go under the vehicle to place Jacks or support stands
- Downstops and pin increments every 3"
- Low starting height to clear low hanging suspension
- 100% air operation

#### Specifications

#### Wheel Dollies

## Manufactured by MADE IN THE U.S.

#### Features:

- Two handle design aids maneuverability and effortless access to the hub
- Safe and efficient removal of complete wheel assemblies for both single and dual wheels
- Included wheel support pins allow for complete wheel assemblies to be rotated and locked into any position

# Why MAHLE Service Solutions?

Over 30 million vehicles a year are tested or serviced with a MAHLE Service Solutions product in over 25,000 dealer and aftermarket service shops around the world...

MAHLE Aftermarket Inc., Service Solutions division specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including vehicle diagnostics, air conditioning service, fluid exchange, nitrogen tire inflation systems, and hydraulic and pneumatic lift equipment.

Formerly known as RTI Technologies, MAHLE Service Solutions continues its legacy of building shop equipment for the most

stringent OEM and aftermarket needs. Along with this expertise, MAHLE Service Solutions combines the know-how of MAHLE Behr with automotive thermal management and MAHLE Powertrain with automotive test systems. Each of these three entities have more than 25 years of R&D and technology deployment experience providing advanced solutions for OE manufacturers

In addition to the high-quality products offered through its Service Solutions division, MAHLE Aftermarket provides a comprehensive and well-developed service network to ensure quick and professional technical support and training for repair shops.
