

MAHLE Service Solutions Introduces ShopPRO® Jacks and Lifting Equipment for the Commercial Vehicle Market

FARMINGTON HILLS, Mich., Oct. 12, 2017 – To supplement its offering of A/C, fluid, diagnostics, and nitrogen service equipment, MAHLE Service Solutions has partnered with Gray Manufacturing to offer [ShopPRO®](#) – a full line of the highest quality hydraulic and pneumatic equipment for the commercial vehicle market.

The ShopPRO product line includes 12 product categories: air lifts, axle jacks, component lifts, engine stands, fluid handling, forklift jacks, service jacks, shop cranes, shop presses, support stands, vehicle lifts and wheel service equipment. This is the broadest line of lifting equipment in the heavy duty marketplace made in the U.S.

“Each piece of ShopPRO equipment is made in the USA at Gray's manufacturing facility in St. Joseph, Missouri and adheres to the high standards promised in the MAHLE guarantee,” explained Andreas Huber, general manager, MAHLE Service Solutions, “which includes the assurance of innovation, reliability and product consistency that comes with the Gray Manufacturing name.”

Gray Manufacturing Company, Inc. has been designing, manufacturing and selling lifting equipment since 1952. Gray's state of the art, vertically integrated, manufacturing facility in St. Joseph, Missouri utilizes domestic raw materials, manufactures its air motors, hydraulic units, wireless control systems and most every part used in the manufacturing of each product. Each product is built to meet or exceed the ASME PASE 2014 standard. After manufacturing, each part is put through complete testing for rated load and range of motion, providing the customer with the

assurance that each jack or lifting device meets the standards of excellence that it has always met.

About MAHLE

MAHLE is a leading international development partner and supplier to the automotive industry as well as a pioneer for the mobility of the future. The group's product portfolio addresses all the crucial issues relating to the powertrain and air conditioning technology—both for drives with combustion engines and for e-mobility. In 2016, the group generated sales of approximately EUR 12.3 billion with around 77,000 employees and is represented in 34 countries with 170 production locations.

About MAHLE Aftermarket

MAHLE Aftermarket, the business unit specializing in spare parts, uses the expertise from the series production of original equipment in its automotive aftermarket product range, and supplies trade, repair shop and engine repair partners. MAHLE Aftermarket is represented at 22 locations and other sales offices worldwide, with 1,555 employees. In 2016, the business unit achieved a global sales volume of EUR 899 million (USD 946 million).

About MAHLE Service Solutions

MAHLE Aftermarket Inc., Service Solutions division specializes in the development, manufacturing and distribution of automotive services, tools and maintenance equipment, including vehicle diagnostics, air conditioning service, fluid exchange and nitrogen tire inflation systems. Formerly known as RTI Technologies, MAHLE Service Solutions continues its legacy of building shop equipment for the most stringent OEM and aftermarket needs. Along with this expertise, MAHLE Service Solutions combines the know-how of MAHLE Behr with automotive thermal management and MAHLE Powertrain with automotive test systems. Each of these three entities have more than 25 years of R&D and technology deployment experience providing advanced solutions for OE manufacturers.

In addition to the high-quality products offered through its Service Solutions division, MAHLE Aftermarket provides a comprehensive and well-developed service network to ensure quick and professional technical support and training for repair shops.
